Ideal for people with busy lives, the **Neff H11WE60N0G** Built-in Solo Microwave is a great choice for hassle-free cooking and reheating.

Easy operation The side-opening, left hinged door makes your cooking process that little bit easier. One push of the button and the door opens instantly. Loading and unloading food is easy and with the interior light, you'll be able to see everything you're doing.

Thanks to the retractable control dial and touch buttons, this H11WE60N0G is simple to operate and control. You'll be able to cook your meals in next to no time. Reliable results With seven automatic programmes, five power levels, a memory function and 20 litres of room, you'll be able to cook a variety of your favourite meals, all at the perfect temperature.

Designed for more convenient cooking, you can prepare delicious meals to keep you and the whole family happy. Smart This microwave will look flawless in your kitchen design.

Easy to install, it can be placed above another oven in a tall cabinet or even integrated separately into a wall cabinet. Find the right accessories Live up your microwave cooking with our range of microwave-safe accessories. Whether you need to warm up your soup for lunch or steam rice and vegetables for dinner, you'll find something to help you create exciting meals in your microwave.

The Neff H11WE60N0G Built-in Solo Microwave offers fast results without compromising on taste.
