

## SIEMENS EP916QB91E 90cm Gas On Glass Hob

<b>Brand</b>	Siemens
<b>Model Number</b>	EP916QB91E
<b>EAN Number</b>	4242003591857
<b>Hob Type</b>	Gas

The Siemens EP916QB91E Gas Hob is ideal for a wide variety of foods, even in large quantities. The cooktop features a 4kW Wok burner, set amongst four additional burners, which makes this hob perfect for catering for friends and family.

All five burners - 2 standard, 1 economy and 1 high speed wok - can be adjusted by the front controls which are in a contrasting steel finish. These controls offer ignition and variable power levels so you can manage your cooking schedule. And to top it all off, the burners are supported by black cast iron pan supports.

The frameless design is suitable for surface mounting or a flush fitting installation, so it will fit securely and be suitably presentable on the worktop. Better still, the easy-to-clean tempered glass surface will make light work of removing any burnt on foods and greases.

Siemens extra wide gas hob with wok burner is factory set for connection to mains gas. LPG jets (28-30/37mbar) are included.

#### Design

- 915 mm
- Frameless design
